The Crew
Bernie Howatt
Mr Deme and Southport Hesketh Round Table

One of the joys of being Youth Theatre Co-ordinator is watching our young people develop in both talent and confidence - both of which will equip them well for future life.

Tonight's production involves members who you will have seen before and some for whom this is their first appearance on stage. They are indeed lucky to have Hilary and Marilyn as their directors and Arnold and his crew staging the show for them.

We have a wealth of young, enthusiastic talent at the SDC and I know that tonight you will see exactly what I mean. Sit back and enjoy the best that our youth has to offer.

Judith Gorse

Youth Theatre - Co-Ordinator

Its been an honour to direct such a talented and lovely group of young people. Originally written for just three actors you are about to see has been adapted so every member of the Youth Theatre can contribute fully to overall production.

The cast has adapted to these changes and shown great intuition, vision and enthusiasm. My thanks to ever single one of them.

Sit back and enjoy our version of 'Teechers'.

Hilary Thomson

Director
